1. SELECT AN INPUT TO POWER UP

Press the source button of the input you wish to use : **MAC, Doc Camera, Blu Ray, HDMI** or **LAPTOP**. This will power up the system.

The panel will flash while the projector is warming up. The button will remain steadily lit when the projector is ready to use.

Use the Volume knob to control the level of audio.

2. USE EQUIPMENT

For laptops the optimum resolution is **1280x800** .

For more in depth instruction on using the system scan the QR code above or head to <http://www.jhu.edu/classrooms>

MUTE— Use to mute the projector for times when you do not wish to project your source.

HELP— During regular support hours, please call 410-516-6699, if you need additional assistance.

3. TURN THE SYSTEM OFF

When you are finished, please press the **OFF** button to turn off the system and projector. The button will flash while the projector is powering down. You will not be able to turn the projector back on during this cycle.

Be sure that you have ejected any media you may have used and take with you your laptop/accessories.

The technology in this room is supported by Academic Technology Facilities. We welcome your ideas.
